

Meet the team

Jacqueline

Managing Director & Partner (MDP)

Team Responsibilities

Guides high-level firm and case strategy, advises senior executives, drives global thought leadership.

Background

Jacqueline joined BCG 11 years ago with an MBA from University of Pennsylvania and has spent her BCG career primarily covering South African banks on strategic topics ranging from geographic expansion to business transformation.

Fun Fact

"I love to sing, dance, lift weights and flip!"

Favorite BCG Value?

"Expanding the Art of the Possible! Our work is about finding solutions that haven't been tried before."

Hannah

Partner

Team Responsibilities

Provides strategic direction, ensures progress toward client impact, and steers the overall engagement.

Background

Hannah specializes in commercial strategies and organizational operating models. With a PhD in Cancer Biology, Hannah brings a deeply analytical, hypothesis-driven mindset to the case by focusing on asking the *right questions*.

Fun Fact

"In my spare time, I love skiing or spending time with my Dressage horse!"

Favorite BCG Value?

"Partnership. I wouldn't be here without amazing teams!!"

Meet the team

Alexander

Principal

Team Responsibilities

Maintains strong relationship with our client, guides strategic recommendations, and ensures implementation of strategic plans.

Background

Alexander brings expertise in tech advisory and delivery to the teams he is on. He holds an MBA from the University of Warwick.

Fun Fact

"In my spare time, I enjoy a good game of golf."

Favorite BCG Value?

"Favorite BCG Value? Integrity and Clients Come First - we do the right thing for our clients in the right way."

Chris

Project Leader

Team Responsibilities

Manages the case team, leads execution, and ensures insights drive impact for the client.

Background

Chris joined BCG as a US Army veteran. His work with clients has been focused on helping clients to streamline their workflows and implement high-quality go-to-market strategies.

Fun Fact

"I love to spend as much time as possible outdoors. You can always count me in for a bike ride or a hike!"

Favorite BCG Value?

"Definitely the Strategic Perspective."

Meet the team

Divyansh

Consultant

Team Responsibilities

Conducts deep research, owns case modules, builds financial models, and creates meaningful client insights.

Background

James specializes in financial modeling and advanced analytics, helping clients in multiple sectors solve complex analytical challenges. He joined BCG full-time after completing a summer internship a few years ago.

Fun Fact

"Playing chess is my meditation – after a long day of work, nothing resets me like a good game of chess"

Favorite BCG Value?

"Probably Value Delivered. I love seeing the impact for clients."

Irene

Senior Associate

Team Responsibilities

Supports research, builds various data models, and helps the team synthesize insights.

Background

Irene joined BCG following her bachelor's in Economics and Government from National Taiwan University. Her passion for creative writing helps her tell a meaningful story after synthesizing market insights and customer analytics.

Fun Fact

"On a mission to recruit golf newbies and make the sport everyone's new obsession!"

Favorite BCG Value?

"Respect for the Individual - I can totally be myself at BCG!"

Meet the team

Zeynah

Associate

Team Responsibilities

Analyzes data sets, collaborates closely with the client teams, extracts business-critical insights

Background

Zeynah joined BCG as an intern after completing her BA in Business Management. She is most excited to learn from her peers and mentors.

Fun Fact

"I speak three languages (English, French, and Spanish) and am learning Mandarin!"

Favorite BCG Value?

"Favorite BCG Value? I joined BCG because of the commitment to Diversity and Social Impact!"

You!

What do you hope to learn throughout this experience?

What unique perspectives will you be bringing to BCG?

Who are you outside of work?

How do your values align with BCG's?
